Jordan Smith
AI/ML Engineer, Python
Deel
456 Deel Avenue
San Francisco, CA 94108

Dear Jordan Smith,

I am thrilled to apply for the AI/ML Engineer, Python position at Deel. With over five years of experience in Back-End engineering and two years of hands-on expertise in implementing algorithms in Python for Machine Learning and NLP, I bring a deep understanding of developing robust AI solutions. My background includes creating scalable data pipelines, deploying efficient AI models on cloud platforms, and collaborating with cross-functional teams to deliver impactful results. Deel's mission to unlock global opportunity resonates deeply with me, and I am eager to contribute to your innovative approach to building the infrastructure for the future of work.

In my previous role, I successfully developed and maintained AI algorithms tailored for information retrieval and text processing. This involved writing clean and efficient code, optimizing processes, and aligning solutions with business goals. A notable accomplishment was collaborating with diverse teams, including data scientists and business stakeholders, to create AI-powered tools that enhanced decision-making capabilities. My emphasis on clear communication and teamwork has been pivotal in ensuring project success and fostering a collaborative work environment.

Beyond technical skills, I am passionate about continuous learning and staying updated with the latest AI and Machine Learning advancements. I hold a Bachelor's degree in Computer Science and have honed my expertise in Python, PostgreSQL, and the data science stack. Deel's commitment to diversity and inclusivity inspires me, and I am enthusiastic about joining a team that values innovation and accessibility. My proven ability to deliver AI solutions inside products and adapt to dynamic challenges aligns seamlessly with the demands of this role.

Thank you for considering my application. I am excited about the opportunity to contribute to Deel's vision and would welcome the chance to discuss how my skills and experiences align with your needs. I look forward to the possibility of joining your team and driving impactful AI innovations.

Sincerely,
Natalie Pilkington González
